

Innovative Solutions Implemented by CCMs

A Competition to Identify Innovative Tools and Solutions Used by Countries

Under the new funding model, many Country Coordinating Mechanisms have developed new, interesting and innovative tools that facilitate good governance and demonstrate stronger leadership.

Share your innovations with us!

Submit the best tools you used during the:

- Country dialogue
- Concept note development
- Grant-making process
- Grant implementation
- Grant closure

Send your success stories to:

ccmcontest@theglobalfund.org

Deadline for submission 26 July 2016

All CCMs and consultants are invited to submit any tool they developed that was used to successfully accomplish a task in one of the five elements of the grant life cycle.

Tools could include, for example, a spreadsheet used to complete a specific type of evaluation or template used to support the definition and implementation of a task.

All submissions will be evaluated for:

- Relevance
- Impact
- Information quality
- User-friendliness
- Simplicity
- Design

The best tools will be shared on the Global Fund website and they will be available for other CCMs as templates for good practices. The CCMs or consultants responsible for the best tools will be invited to share their experiences with other CCMs regionally and globally.
